

Pupil premium strategy statement: secondary schools, completed example based on fictitious school

1. Summary information				As part of your full strategy you will also wish to <b>consider results for specific groups of pupils</b> (specific year groups or minority groups) as well as the headline figures presented here. If you have very small pupil numbers you may wish to present 3 year averages here.			
School							
Academic Year	2016/17	2016/17 <b>Total PP budget</b> £127,00			Dą	te of most recent PP Review	n/a
Total number of pupils	556	Number of pupils eligible for PP	123		Da	te for next internal review of this strategy	Jan 2017

2. Current attainment   √					
	Pupils eligible for PP (your school)	Pupils not eligible for PP (national average)			
% achieving 5A* - C incl. EM (2015/16 only)	29.7%	64.7%			
% achieving expected progress in English / Maths (2015/16 only)	43.6% <b>/</b> 39.7%	75.8% / 73.4%			
Progress 8 score average (from 2016/17)	-0.32	0.12			
Attainment 8 score average (from 2016/17)	35.2	52			

3. Ba	rriers to future attainment (for pupils eligible for PP including high ability)	Data sources that can help you identify barriers to attainment in your school include: RAISEonline; the EEF Families of Schools database; FF Aspire; staff and pupil consultation; attendance records; recent school				
In-scho	ool barriers (issues to be addressed in school, such as poor literacy skills)	Ofsted reports; and Ofsted guidance.				
A.	A. Literacy skills entering Year 7 are lower for pupils eligible for PP than for other pupils, which prevents them from making good progress in Year 7.					
B.	B. High attaining pupils who are eligible for PP are making less progress than other high attaining pupils across Key Stage 3. This prevents sustained high achievement through KS					
C.	C. Behaviour issues for a small group of Year 10 pupils (mostly eligible for PP) are having detrimental effect on their academic progress and that of their peers.					
Extern	External barriers (issues which also require action outside school, such as low attendance rates)					
D.	D. Attendance rates for pupils eligible for PP are 82% (below the target for all children of 95%). This reduces their school hours and causes them to fall behind on average.					

Identify barriers that need to be addressed in-school, as well as external issues such as poor home learning environments and low attendance.

It is not essential to identify four desired outcomes; focusing on fewer aims in more depth is encouraged.

4. O	utcomes <	Span is directing and
	Desired outcomes and how they will be measured	Success criteria
A.	High levels of progress in literacy for Year 7 pupils eligible for PP.	Pupils eligible for PP in Year 7 make more progress by the end of the year than 'other' pupils so that at least 50% exceed progress targets and 100% meet expected targets. Other pupils still make at least the expected progress. This will be evidenced using accelerated reader assessments and English written assessments in October, March and June.
B.	Improved rates of progress across KS3 for high attaining pupils eligible for PP.	Pupils eligible for PP identified as high attaining from KS2 levels / raw scores make as much progress as 'other' pupils identified as high attaining, across Key Stage 3, so that 85% or above are on track for 4 levels of progress by the end of KS4. Where they are not, departments are putting in place wave 1 interventions, monitored by heads of departments (HOD) and senior team.
C.	Behavioural issues of Year 10 addressed.	Fewer behaviour incidents recorded for these pupils on the school system (without changing recording practices or standards).
D.	Increased attendance rates for pupils eligible for PP.	Reduce the number of persistent absentees (PA) among pupils eligible for PP to 10% or below. Overall attendance among pupils eligible for PP improves from 82% to 95% in line with 'other' pupils.

5. Planned expen	diture	You may have m for each desired	ore than one action/approach whic	practice is to combine professional knowledge vhare known to be effective. You can consult extending and Learning Toolkit, the NfER report on su	ernal evidence s	ources such as: the	
Academic year 2016/17			disa	disadvantaged pupils, <u>Ofsted's 2013 report</u> on the pupil premium and <u>Ofsted's 2014 report</u> or pupil premium progress.			
The three headings and support whole s			demonstrate how they are using the Pu	upil Premium to improve classroom peda	agogy, provide	e targeted support	
i. Quality of teac	hing for	all					
Desired outcome	Chose action/	n ⁄approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Staff lead	When will you review implementation?	
A. Improved Year 7 literacy progress		self-regulated or relevant	We want to offer high quality teaching to all these pupils to drive up results. CPD course was selected which offered a combination of pedagogical knowledge and subject knowledge, and involved both external contributors and peer support. These things are said to be effective in the Teacher Development Trust research review on professional development.	Course selected using evidence of effectiveness, cover staff organised well in advance. Peer observation of attendees' classes after the course, to embed learning (no assessment).	Head of English	Jan 17	
A. Improved Year 7 literacy progress	Reader e developing technique reviews - of specific for follow	using Accelerated effectively and ng questioning es to follow up text – develop a bank ic resources to use r-up to assess the ents of language.	Components of language identified as an area of weakness from moderation  Schools in the English network have successfully trialled this approach.  Accelerated Reader was shown to have a positive impact in an independent evaluation.	HOD to oversee resources and scheme development with KS3 lead for English and SENCO.	Head of English	October, March and June 17	
A. Improved Year 7 literacy progress  B. Improved progress for high attaining pupils		ning on high eedback to be If by SLE.	We want to invest some of the PP in longer term change which will help all pupils. Many different evidence sources (including Johan Hattie's Visible Learning and the EEF Toolkit) suggest high quality feedback is an effective way to improve attainment, and it is suitable as an approach that we can embed across the school. This will focus specifically on effective assessment of writing for a purpose.	Course selected using evidence of effectiveness and discussed with SLE Use INSET days to deliver training. Peer observation of attendees' classes after the course, to embed learning (no assessment).  Lessons from training embedded in school feedback policy. Initial, 3 month and 6 month evaluation of CPD through moderation and assessment grades.	Deputy Head	Jan 17	
	<u> </u>		<u>I</u>	Total bu	dgeted cost	£31,000	

ii. Targeted supp	ort				
Desired outcome	d outcome Chosen action/approach What is the evidence and rationale for this choice? How will you ensure it is implemented well?		Staff lead	When will you review implementation?	
A. Improved Year 7 literacy progress 121 and small group provision of Read Write In 'Fresh Start' for struggling Y7 pupils.		Some of the students need targeted literacy support to catch up. This is a programme which has been independently evaluated and shown to be effective in other schools.	Organise timetable to ensure staff delivering provision have sufficient preparation and delivery time. Consult local school which has used the programme to identify any potential barriers to good implementation. Data tracking of these students to show impact of the programme. Teaching Assistant CPD for TAs delivering Fresh Start. Pupil Premium Co-ordinator to liaise with parents of targeted children.	Pupil Premium Coordinator	Jun 17
B. Improved progress for high attaining pupils  B. Improved progress wheeling the sessions in maths and English for high-attaining pupils with HOD or equivalent, replacing to time or assembly.		We want to provide extra support to maintain high attainment. Small group interventions with highly qualified staff are known to be effective. We want to combine this additional provision with some 'aspiration' interventions such as talks from successful former pupils.	Extra teaching time and preparation time paid for out of PP budget, not sought on a voluntary basis. Engage with parents and pupils before intervention begins to address any concerns. Track data in English and maths at 3 key points, October, March and June HODs to observe sessions and provide feedback / support.	Head of Maths/ English	Mar 17
			Total bu	dgeted cost	£59,000
iii. Other approac	hes				
Desired outcome	Chosen action / approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?		When will you review implementation?
D. Increased attendance rates	Support worker employed to monitor pupils and follow up quickly on truancies. First day response provision.	We can't improve attainment for children if they aren't actually attending school. NfER briefing for school leaders identifies addressing attendance as a key step.	Thorough briefing of support worker about existing absence issues. PP coordinator, support worker, head etc. will collaborate to ensure new provision and standard school processes work smoothly together. Same day calls about progress for target students and reduced timetable integration programme to ensure students attend on a	Pupil Premium Coordinator	Jan 17

			regular basis, building to full timetable. Personalised support and assertive mentor assigned to each PA pupil eligible for PP. Attendance and progress discussed at least fortnightly with PP Coordinator and mentor. Letters about attendance to parents / guardians. Support worker to visit all PA at home to discuss attendance with parents / guardian and explore barriers		
C. Problem behaviour in Year 10 addressed	Identify a targeted behaviour intervention for identified students.	The EEF Toolkit suggests that targeted interventions matched to specific students with particular needs or behavioural issues can be effective, especially for older pupils.	Ensure identification of pupils is fair, transparent and properly recorded. Use support worker to engage with parents before intervention begins. Monitor behaviour but also monitor whether improvements in behaviour translate into improved attainment. Achievement/effort points to be a focus for all staff through a focus month of positive praise/effort cards through form tutors.	Head of Year 10	Jun 17
Total budgeted cost				£37,000	

	This is a revi	ew of the previous year, so the outcomes				
6. Review of exper	and success	criteria will be different to above.		Lessons learned may be about impact or implementation.		
Previous Academic	Year 🗸					
i. Quality of teach	ing for all					
Desired outcome	Chosen action/approach	Estimated impact: Did you meet the success criteria? Include impact on pupils not eligible for PP, if appropria	(and	sons learned whether you will continue with this oach)	Cost	
Improve attainment across the curriculum	Staff sent on external 'growth mind-set' course	Mixed: training has informed approach to building aspiration in school. We measured the impact on attainment for all children, not just PP eligible. Success criteria: not fully met. Approach shows promise as evident from staff developing questioning technique as seen in lesson observation – best practice shared in briefings.		were positive about the training and believe it has ed attitudes of students. We will not repeat the ng, but continue implementing the approach and	£420 per teacher for 15 teachers. Plus staff cover for	
Show whether the succ Additional evidence of i referred to, including at data, and case studies.	mpact can also be			oring pupil response.	training days. £10,050	
		However, Progress 8 data shows that PP students did not make expected progress.		pproaches which did not meet their success criter rtant to assess whether you will continue allocating why.		
ii. Targeted suppo	I	T				
Desired outcome	Chosen action/approach	<b>Estimated impact:</b> Did you meet the success criteria? Include impact on pupils not eligible for PP, if appropriation	(and	sons learned whether you will continue with this oach)	Cost	
Improved Year 8 literacy results	One to one tuition delivered by qualified teacher	High: observed increased progress amongst participating children compared to peers, as measured using scores on the Progress in Ertest. Success criteria: met.	was d	seemed to be most effective when the focus area determined by the class teacher based on their vations of the pupil. We will continue next year.	£1550 per pupil for 26 pupils. £40,300	
iii. Other approach	es					
Desired outcome	Chosen action/approach	Estimated impact: Did you meet the success criteria? Include impact on pupils not eligible for PP, if appropria	(and	sons learned whether you will continue with this oach)	Cost	
Improved Year 7 literacy results	Summer school programme for Y7 with one intensive week of literacy and aspiration focus and target activities for Y6 teacher to complete prior to summer school.	Medium-low: positive impact for students who attended but many did not. Success criteria: r met.	not school	year we will try to provide more intensive after- ol support instead, with parental engagement to urage attendance.	£1260 per pupil for 14 pupils. £17,640	

## 7. Additional detail

In this section you can annex or refer to **additional** information which you have used to inform the statement above. Our full strategy document can be found online at: www.highschool.sch.uk
